# I Waited For The Lord

Words and Music by Arthur Morgan

```
  D              G      D      G
I waited for the Lord to help me
     D              G        A
He turned to me and heard my cry
     D                    G
He pulled me out of the miry clay
     D              G
He put my feet on solid ground
     D            G      A
He gave me a new song to sing
                 D
in praise to our God
```
