

THE LORD'S BATTLE PLAN

The battle's on
The battle's on
But it's not in the flesh
It's in the Spirit (2X)

It's war in the Spirit
Love and truth in the flesh.
This is how we
Conquer and win.

We have God's weapons
And His love that conquers all
Each door will open
Let us in.

We'll take dominion
Use the power that He's given
To gather in the fields of white
The harvest crying out.

Watch as evil scatters
As our light invades the darkness.
Darkness flees at trumpet blast
And at our army's shout!

Chorus

We give Him glory
We give Him honor
He shed His precious blood
For our eternal life.

Our Lord is with us.
As we band together
As we seek His peace in us
We overcome the strife.

The time is soon coming
When no man can work his land.
It's now we must move forward
And take a strident stand.

With His armor and His weapons
His blood, His Word, His name
Following the Master's lead
We'll fight and take the land!

Power in the Spirit
To heal the sick and lame.
To see His will done on this earth
The devil's work repeal.

He's asked us to fulfill His plan
To save a dying world.
His Spirit flowing through our lives
To show the world He's real!

Power in the Spirit
Love and truth in the flesh.
It's what our world
Needs to see!

Watch the demons tremble
As He leads us into battle
And side-by-side united
We'll see the victory!

Chorus

INTRODUCING "THE LORD'S BATTLE PLAN"

Sometimes when the Lord inspires me to write something, it just flows. It is so effortless I know it is Him doing the work; I am just the scribe. This song was not like that. It took a struggle and a revelation for the words and music to fall into place.

I knew the theme was to be about the war we fight in the spirit for souls and for our own lives and I felt it should have a march beat. A few verses came easily but they didn't seem to fit together.

As I struggled, I thought - what about love, God's greatest weapon? How does that fit in? Then the revelation hit me. The battle is indeed in the spirit - we war with the weapons God has given us - we pray and declare His Word, His blood, His name. However, "in the flesh," when we address people, we need to speak His truth with love and true concern.

With that revelation, everything started to click. I realized that it is war in the spirit, love and truth in the flesh! Once I saw God's answer, the verses just poured out and fit the tune that was in my heart.

My talented friend Heather Anne kindly recorded the song for me so I could introduce it to others. As you play and sing it, I believe God's truth and anointing will affect the people around you and thwart the devil's plans!

May God continue to bless you as you venture forth in His name!
