

FIND ME

WRITTEN BY: AMELIA MAHARAJ

Verse

My heart shall fear no more
For it hides with the one who holds the universe
My soul longs once more
For the one whose voice makes the stars collide

Chorus

Your love, it Finds me

Verse

Relentlessly, I run into Your arms of love
Consuming me, with one breath you give me life again

Chorus

Your love it finds me

Brudge

Freedom has found me, in the midst of the drought
The heavens have opened and poured your rain
